Main Discussions and Decisions

The IQAC of the Faculty of Science considered the Sub-committee Report to the QAC of the UGC on Standard Setting in Student Assessments at its special meeting held on 13/11/ 2020 and recommended the following to the UGC;

1. Since graduates from all state universities compete at various levels a common Grading System, where in Y_A and Y_D are fixed, for all universities is recommended. Further the committee suggests to fix $Y_A = 75$ and $Y_D = 30$
2. The committee further recommends, if there is any disparity in fixing Y_A and Y_D , a common formula should be developed for its uniform applicability in all state universities.
3. The Board of Examiners shall have the guidelines (common for a faculty/ university and it should function irrespective of courses and/or course units.

Meeting was adjourned at 10.45 am
