Preface

As the Faculty of Science, University of Jaffna, commemorates its Golden Jubilee, this *Directory of Graduates* is presented with pride and gratitude as a testament to fifty years of academic endeavour, service, and achievement. More than a mere historical archive of names and qualifications, this directory stands as a valuable institutional resource, symbolising the enduring bond between the Faculty and its alumni. It provides a meaningful platform for reconnection, mentoring, professional networking, and academic collaboration, thereby strengthening alumni engagement and enriching the educational experience of current students.

The preparation of this directory demanded sustained commitment and meticulous archival work spanning several decades. I wish to place on record my sincere appreciation to Mrs Vijitha Prasath, Senior Assistant Registrar; Mr S. D. Jeshanthan, Senior Staff Management Assistant; and Ms S. Tharshika, Management Assistant, for their dedicated efforts in consolidating graduate records and developing a comprehensive online database.

As we mark this significant Golden Jubilee milestone, it is envisaged that this directory will be updated regularly and further developed into a dynamic digital platform to enhance alumni visibility and engagement, while supporting mentoring, career guidance, and professional networking. May this volume serve not only as a record of our proud past but also as an inspiration for the future.

Prof. P. Ravirajan
Senior Professor of Physics
Dean, Faculty of Science
University of Jaffna
